MainSt HUB - On-boarding Retailers & Service Co's

MainSt HUB offering is quickly increasing the number of storefronts and service providers to ARknet with the ease of having their products and services featured at no cost. HUB participants will be eligible for local community engagement scavenger hunts. Batch loading service test successful for approximately 5,000 objects. Successful rapid loading of Solr/new index creation. Batch loading method usable for larger scale vendors with hundreds, thousands or tens of thousands of products/items along with accompany product/sku metadata. Next release 2.0.0.
